

# Jorakay Easy Lime Stain Cleaner

## Lime Stain Cleaner

The lime stain cleaner solution can remove white lime stains on tiles caused by a reaction between water and salt, resulting in calcification. The Lime Stain Remover does not damage tile surfaces.

## Product features

- It can be used particularly for removing white stains.
- You can dissolve with water to remove insignificant stains.

## Application

- Spray the solution directly on the stains.
- Leave it 4-5 minutes.
- Rub and wash off with clean water.
- If the stains persist, repeat the steps above.

## Application ratio

Approximately 2 sqm.

## Key ingredients

- Gastric Acid 45%
- Weak Acid 30%
- APG 3%
- Water and other 22%

### Precautions

- Do not use with surfaces not resistant to acids.
- Test the effect in a small area before use.
- Always wear protective gloves and goggles.
- Avoid direct contact.
- Should not be used on marble or natural stone.

### First Aids

- **Eye** Wash the eye with plenty of water immediately. Roll the affected eye up and down. If the patient wears contact lens, remove it carefully. Wash with water continuously for 20 minutes. Seek medical attention.
- **Breath** Evacuate the patient to a well-ventilated area. With presence of chemical smog, wear a protective mask. If the patient becomes unconscious, position the patient to breathe easily and unbutton the shirt or remove the necktie to facilitate breathing. Evacuate the patient to a well-ventilated area and seek medical attention immediately.
- **Skin** Wash the solution from skin with plenty of water. Clean the contaminated clothing with water. Always wear gloves when cleaning. Clean with water for 20 minutes. Wash the affected clothing and shoes before wearing them again.
- **Swallow** Remove artificial teeth, if any. Drink a reasonable amount of water. Stop drinking water if the patient wants to vomit. If the patient vomits, keep the head low to prevent the solution from entering the lungs. Do not put any object in the patient's mouth. If the patient becomes unconscious, evacuate to a well-ventilated area, unbutton, and seek medical attention immediately.

### Storage

Store in a secure place, away from children, food, and pets. Keep away from sunlight. Can be stored at room temperature.

### Packing

220 ml. / bottle
