## Key ingredients

Alcohol Ethoxilate 1%

Nonyl Phenol 5%

Coconut Diethanolamind 1%

Corrosion Inhibitor 3%

### **First Aids**

- **Eye** Wash the eye with plenty of water immediately. Roll the affected eye up and down. If the patient wears contact lens, remove it carefully. Wash with water continuously for 20 minutes. Seek medical attention.
- **Breath** Evacuate the patient to a well-ventilated area. With presence of chemical smog, wear a protective mask. If the patient becomes unconscious, position the patient to breathe easily and unbutton the shirt or remove the necktie to facilitate breathing. Evacuate the patient to a well-ventilated area and seek medical attention immediately.
- **Skin** Wash the solution from skin with plenty of water. Clean the contaminated clothing with water. Always wear gloves when cleaning. Clean with water for 20 minutes. Wash the affected clothing and shoes before wearing them again.
- **Swallow** Remove artificial teeth, if any. Drink a reasonable amount of water. Stop drinking water if the patient wants to vomit. If the patient vomits, keep the head low to prevent the solution from entering the lungs. Do not put any object in the patient's mouth. If the patient becomes unconscious, evacuate to a well-ventilated area, unbutton, and seek medical attention immediately.

### **Precautions**

Avoid direct contact. Clean or wipe the solution off completely.

### **Packing**

220 ml. / bottle
