

Crocodile Admix Proof

Waterproof Admixture

Waterproof Admixture

Crocodile Admix Proof is a water-reducing admixture (Plasticizer) used in concrete to improve its density by reducing voids caused by uneven dispersion of cement particles. It helps prevent water penetration, increases durability, and enhances concrete workability, making surface finishing easier. Suitable for all types of waterproofing applications.

Product Features

- Enhances the waterproofing performance of concrete
- Reduces the amount of mixing water, resulting in denser concrete and increased strength
- Improves concrete workability and minimizes surface voids
- Prevents cracking by reducing shrinkage during drying and hardening
- Chloride-free formulation, ensuring no corrosion risk to steel reinforcement

Color : Light brown

Application Instruction

Estimated Coverage

Crocodile Admix Proof 250-500 ml per 50 kg cement. (1 bag)

Mixing

- Mix Crocodile Admix Proof thoroughly with water.
- Pour the mixture into the cement-sand blend and mix until uniform.

Technical Data

Test	Evaluation
pH	7.8-8.9
Specific Gravity	1.01-1.02

Caution

- This product may cause skin irritation; appropriate protective equipment such as gloves, dust masks, and safety goggles should be worn.
- If the product gets into the eyes, rinse immediately with plenty of clean water several times and seek medical attention.
- If it comes into contact with skin, wash thoroughly with soap and water.
- Keep out of reach of children.

Storage

- It should be kept in a dry place and the temperature is not too high.
- Shelf life for 1 year since manufactured date.

Packing

Net weight : 200 liters/drum, 20 liters/bucket, 5 liters/gallon, 1 liter/gallon
